Describe the most significant challenge you have faced and the steps you have taken to overcome this challenge	I have yet to face a challenge that tests my abilities as a human but i am ready and waiting for the moment where i will need to step up to the plate.
You are required to spend the next year of your life in either the past or the future. What year would you travel and why?	The future, due the the simple fact that I prefer to move forward instead of look back and get distracted of what has happened. The past can't be changes but the future is still an empty page.
What would you say is your greatest talent or skill? how have you developed and demonstrated that talent over time	I excell at sports. Any sport i take part in for a while i tend to become well known in the sports community. I managed to reach the national team within my first few months of playing football for a club.
What have you done to make your school or community a better place	We have won a competition in Bahrain involving many schools from around the gulf, making our school known for its sports department and atracting many new great students.
What makes you happy?	Family and a sense of togetherness makes me happy. On the other hand having time alone keeps me in a good mood. A perfect balance of being social and discrete tend to make me happy.
