Describe the most significant challenge you have faced and the steps you have taken to overcome this challenge	<p>this time last year I was about to be kicked out of university for failing almost all my classes. I was very careless and I did not put any effort at all in my studies. But, when I was given the last chance to make it up in the summer semester of 2015. I took that chance and I worked very hard everyday to raise my GPA from 1.3 to something that I am extremely proud of. It was a huge wake up call that turned me to an entirely different person. Even the professors whom I repeated the classes with noticed the big difference. In addition to all of that, I started to tutor the classmates who faced difficulties with any subject I was taking.</p> <p>* I became more organised, independent and most importantly I knew what I was capable of.</p>
You are required to spend the next year of your life in either the past or the future. What year would you travel and why?	Future, Everyday I try to learn and work in way that will benefit me in the future. Going to seminars, participating in ESHTA, learning from my mistakes and taking the best out of them and breaking my barriers are all examples of me trying to plan for the best future I can get and I really want to see how that future would look like...
What would you say is your greatest talent or skill? how have you developed and demonstrated that talent over time	<p>Asking questions..</p> <p>In the past I used to ask many.. but now I have realised that some of those questions can be answered by myself. So, I am focusing now on asking important questions that will be beneficial for me and for the people.</p>
What have you done to make your school or community a better place	I have applied in a job as a note taker for special needs students. Also, as mentioned earlier I offer help to classmates who are facing difficulties in the subject I have background on.
What makes you happy?	<p>I love cars. (the sound, the look, the feeling you get when you drive the car you love.. it feels like you own it all..) and this passion will definitely grow with me and it will play a big role in my future enshaálla</p> <p>Mentor Yarub helped me in figuring this out...</p> <hr/> <p>I love the feeling I get after praying</p>

	<p>I love it when I ask god for something and then it happens its a scary and calming feeling at the same time..</p> <hr/> <p>I truly believe that I am here in this world for two reasons..</p> <p>1) Worship god</p> <p>2) To build something that benefit this earth</p> <p>and any action that fits in those two categories makes me happy.</p>
